

INDIGENOUS, NATIVE, INDIANS, ASIANS, COLONIZATION, CONQUEST AND
THE MAJORITY

Indigenous people or natives
(misnamed Indians) and East
Asians have the same genetics.

And many have great
beauty, sensuality,
eroticism, large genital
organs and big buttocks:

While the indigenous people of this continent have ancestors from East Asia (Siberia, China, Philippines, Mongolia, Malaysia, Vietnam, Taiwan and Indonesia).

Their enemies, who hate them in a sadistic and visceral way, and want their replacement by European immigrants, Creoles, mestizos and other races that are not indigenous, have genetics from the Middle East (Iran, Iraq, Turkey and Israel). White races such as Celts, Romans, Vikings, Slavs and others are of Indo-European origin, that is, genetically related to the Middle East.

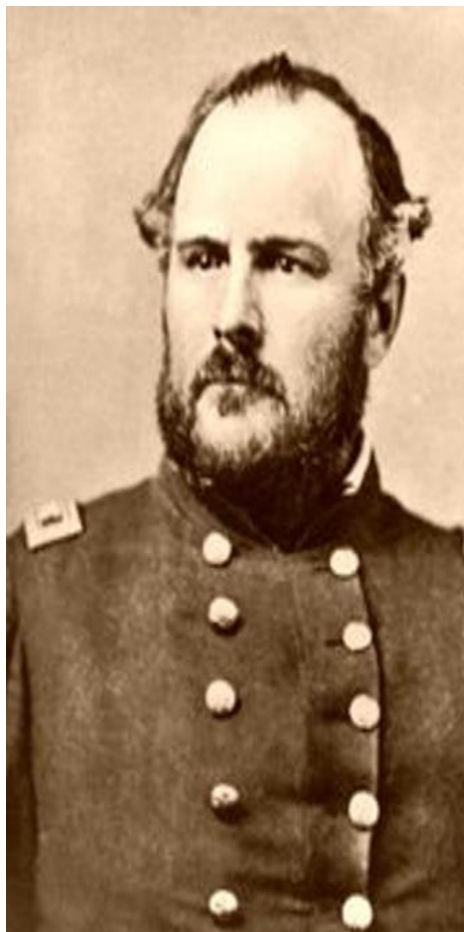

The Battle of Talas where the Arabs waged war on the Chinese is an example of the instinctive hatred that exists on the part of the Middle East towards East Asia.

Domingo Faustino Sarmiento, who was Catholic and a member of Freemasonry, said: - We would like to remove the savages from all American social issues, for whom we feel, without being able to remedy it, an invincible repugnance, they are nothing more than disgusting Indians, whom we would hang them now, if they reappeared in a war.

John Milton Chivington who was a member of the Christian Methodist Church and a member of Freemasonry said: -Cursed be the man who sympathizes with the Indians, I have come to kill Indians, and I believe it is just and honorable to use any means under God's heaven to kill indians.

Julio Popper, who was Jewish and a member of Freemasonry, was one of the causes of the genocide of indigenous people of the Selknam ethnic group.

At a Zionist conference, Jair Bolsonaro said that there would not be an inch of land for the indigenous people.

Both Christian religions and atheism, both communism and capitalism: they came from Europe and are something Western. Christian religions have always celebrated hatred of indigenous people, the following painting in the church of Lima in Peru, celebrates the domination of indigenous people by colonizer Francisco Pizarro.

The Hispanists (defenders of Spanish colonization) deny that the colonizers committed atrocities against the indigenous ethnic groups and say that it is a Black Legend, but the Spanish colonizers accepted that they did commit those atrocities against the indigenous people who did not submit to their domination in their letters and books:

Letter from the Spanish colonizer named
Pedro de Valdivia to his representatives
at court (Santiago, October 15, 1550): -
Indians whose right hands and noses I
had cut off.

Letters and reports from Hernán Cortés
to Emperor Charles V: - And when I
startled them, they came out unarmed,
and the women and children naked
through the streets, and I began to do
them some harm.

Letters and reports from Hernán
Cortés to Emperor Charles V: -
And before dawn I struck two
towns, where I killed many
people.

The colonizer Bernal Diaz Del Castillo wrote in his book called True History of the Conquest of New Spain: - and that we had to go to war and load the ships with Indians from those islands to pay for the ship with Indians, to use them for slaves.

Movies, series, cartoons and
even video games have always
promoted hatred of
indigenous people:

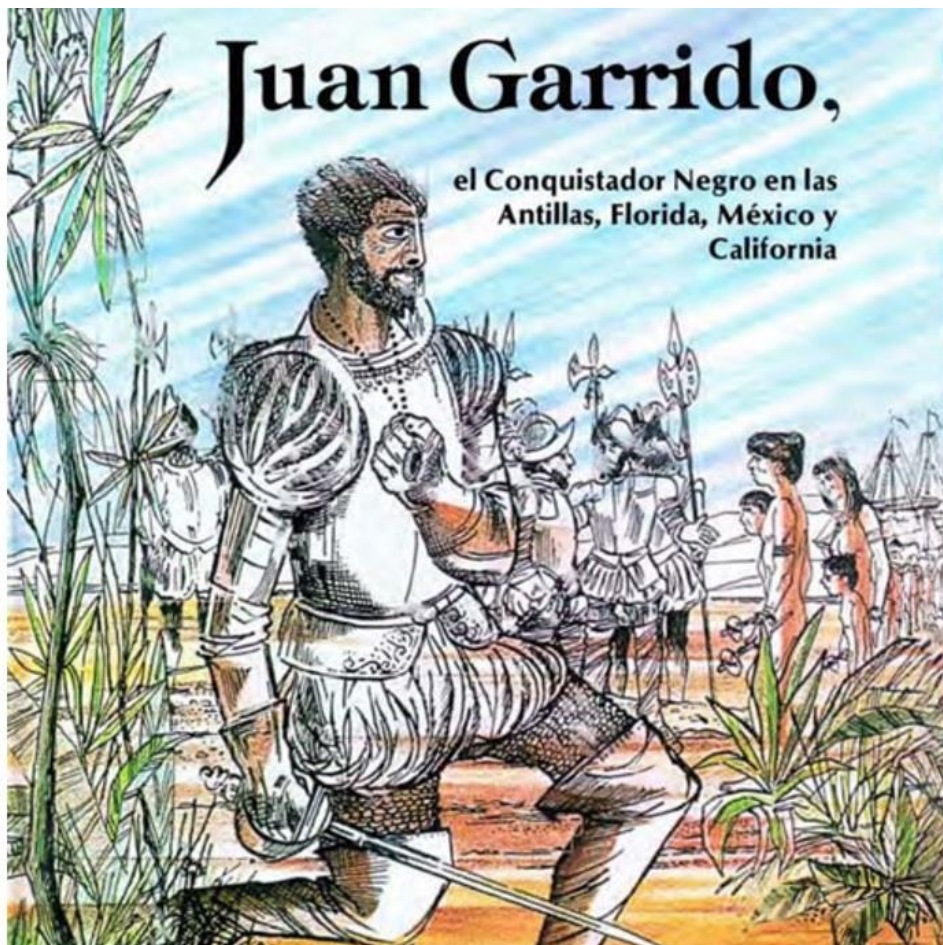

And not only white people have harmed indigenous people and not only white people harm them in the present. There were black colonizers such as Juan Garrido, Sebastián Toral, Juan Beltrán de Magaña and others.

Juan Garrido,

el Conquistador Negro en las
Antillas, Florida, México y
California

There are brown mestizos who are Hispanist. And there were mestizo colonizers such as Francisco Fajardo, Miguel Caldera and Alonso Ruiz Vallejo.

There were black cowboys. And there was the Buffalo Army in the United States formed by blacks who were going to murder indigenous people and received medals of honor from the United States government for that:

Both Facebook and Twitter (X), Instagram and YouTube allow comments that hate indigenous people, they do not delete the comments, and they do not delete the accounts that make them, and YouTube allows channels that promote hatred of indigenous people to exist such as indiomamon, and allow them to promote hatred of indigenous for having an East Asian origin, while in the case of black people they would censor hateful comments based on the fact of their African origin.

The farming of bulls, cows, sheep and goats brought by the European colonizers is what pollutes and destroys the environment the most, due to the amount of forests and jungles that are destroyed to make pastures for these animals.

A cow and a bull produce 25 to 40 kilos of excrement per day, and can consume up to 100 liters of water per day, in addition to having a digestive system larger than the digestive system of other animals and larger than the digestive system of Humans produce excessive emissions of methane, carbon dioxide, and nitrous oxide in their urine, gases, and excrement.

To avoid consuming meat from animals brought by European settlers, do not consume milk and do not consume dairy products: it is not necessary to be vegan and it is not necessary to be vegetarian, other meats such as fish can be consumed.

Police and military have always served the colonial state of each country on the continent to which the colonizers gave the name America. Police and military are the colonizers of the present who oppress and evict indigenous people from their territories.

MATAR INDIOS 🙌

The independences, republics, homelands or countries were founded to benefit the majority that is not indigenous (creoles, European immigrants, mestizos and other races), they were not created to benefit the indigenous, they were created to maintain oppression and hatred of indigenous people to benefit those who are not indigenous.

If the indigenous people defend themselves or take revenge on the police, the military, the politicians and the invaders: television, the politicians and the majority of those who are not indigenous (Europeans, Creoles, mestizos and other races) treat them as criminals, terrorists or savages because they want the indigenous people to love their enemies, to forgive everything and allow to hurt them.

In the majority of those who are not indigenous (Europeans, Creoles, mestizos and other races) there is an instinctive hatred of the indigenous, and many Europeans make the true indigenous invisible by believing that Creoles and mestizos are indigenous.

If the indigenous people demand that their rights be fulfilled, the majority that hates them says that they want privileges and the majority of those who are not indigenous have never suffered everything that the indigenous people suffer.

The CIA and USAID remain related to governments that cause the extermination of indigenous people throughout the continent.
